Town Lays Proposed Joint School To Rest

By Julie M. Barry

Andover severed all of its ties to the Lawrence/Andover Collaborative School Project at a meeting last Thursday morning.

The joint school planning committee—the two superintendents, Kenneth Seifert of Andover and James Scully of Lawrence; a representative from each school committee, Richard Neal of Andover and Carol Bannon of Lawrence; and project director Dennis Richards—met for the final time in Andover's school committee conference room to wrap up the project.

Prior to the meeting, Andover and

Lawrence's contractual agreement with Richards was still pending.

This, however, is not posing a problem. "The funding from the state will carry through until the end of his contract in February," Neal said. In view of this, Andover is free of its obligation to the project.

Last June, after over a year of study and several months of heated controversy between opponents and advocates of the joint school, the Andover School Committee voted to withdraw "gracefully" from the Col-

State champions!

That has a nice ring to it.

Three victories from Williamsport, Penn., and the Little League World Series!

That has an unbelievable ring to it.

But that's where the Andover National Major Little League All-Stars find themselves today. They are kings of Massachusetts and are in the midst of a 10-day layoff awaiting the start of the Northeast Regional Tournament.

Three-time reigning District 14 king Andover National became the first Little League baseball team from this area to win a state title and did it convincingly last weekend by burying a pair of Bay State rivals at O'Keefe Field in Billerica.

A-N won its ninth tourney game by shutting out six-time defending District 11 champ Walpole American, 7-0, as Rick Saggese fired a three-hitter and drove home four runs with a pair of patented moon-shot homers.

The title was secured less than 24 hours later, Toby Guzowski fashioning a four-hitter and driving home five runs with three safeties as Andover National hammered Lee 11-5 for its 10th tourney triumph.

The Andover crew will depart for Bristol, Conn., next Monday, will open play in the 12-team Regional Tournament against either the Maine or Rhode Island state champion at 2 p.m. on Wednesday at Edgewood Field, and hopefully will continue to blitz all opponents.

Andover National, 7-0

Rick Saggese was the big story in the semifinal triumph over previously-undefeated Walpole American.

The high-kicking lefty hurler hiked his tournament pitching record to 4-1 with a crisp three-hitter, one of the safeties an infield single. He walked six, the majority of the free passes in the first two innings, and struck out six, including the side in the top

of the first.

At the plate Saggese ripped a pair of homeruns, his fourth and fifth of the tourney. He belted a three-run homer well over the centerfield fence in the first inning off Walpole American starter Mike Scarlata, then added another high-arching solo shot barely over the leftfield barrier to open the fourth.

Walpole, the six-time District 11 champion, carted a 7-0 record into the game and its slimmest margin of victory had been five runs.

W-A was also touted as an extremely fast team, one that caused continual havoc on the basepaths. But because they fell behind early, and because Andover National catcher Paul Allard has an excellent arm, the losers never even attempted to steal a base.

Saggese also did a terrific job keeping the first two batters in the Walpole order, fleet Brian Lambert and Adam Wozniak, off the bases. Wozniak went 0-for-3, striking out once, and Lambert whiffed twice before drawing a walk in the fifth.

Voter Registration Deadline Coming Up

Massachusetts citizens have a week to register to vote.

The deadline to register to vote in the September state primary is Thursday, Aug. 18. State law requires that registration sessions be extended on that day until 10 p.m. Special Saturday registration sessions are also being held Aug. 13

from 9 a.m. to 5 p.m. Both sessions are held in the town clerk's office. To register to vote, a Massachusetts resident must be a U.S. citizen and 18 years old by election day. Aug. 18 is also the last day to change party registration. For more information, call the town clerk's office.

New Law Says Moped Riders Must Wear Helmets

Moped riders have to wear helmets approved by the Registry of Motor Vehicles now.

Andover Police Chief James Johnson said, as of July 28, both the operator and passenger of a motorized bicycle must wear proper helmets.

Johnson said violators will be fined anywhere from \$25 for the first offense to \$100 for the third offense.

Safety Officer John Milne said mopeds are on the rise in Andover. "More and more young people have been seen riding these motorized bicycles to schools and around town," Milne said.

He added that parents who purchase or allow their children to use

mopeds should know all the rules and regulations.

Milne cited a few of them: operators must be at least 16 years old; they must have valid licenses or learner's permits; the moped has to be properly registered; the operators cannot go faster than 25 mph; they must obey all traffic laws; they may not carry passengers unless their mopeds are designed for passengers; and, as of this summer, operators and passengers have to wear their helmets.

For a complete list of moped regulations, contact the Registry of Motor Vehicles, 100 Nashua St., Boston, 02202.

DCS To Visit Canobie Park

The last of a series of field trips planned by the Department of Community Services for children attending the drop in playgrounds will take place Aug. 17.

Buses will leave the playgrounds at 10:30 a.m. for Canobie Lake Park and return at approximately 4:30

p.m. Permission slips, which will be given to each child, must be returned to playground supervisors by Monday, Aug. 15. Late registration will be taken at the DCS office on a space-available basis. In case of inclement weather, the trip will be rescheduled.

'Aristocats' Come To Park

The *Aristocats*, a Walt Disney animated classic, is the Monday, Aug. 15, movie in the Department of Community Services family movie program. The whole family, young

and old, will enjoy this movie. See *The Aristocats* in the Park in front of town offices. The 78-minute movie will begin at dusk.

Middlebury

Theodore D. Ongaro, son of Dr. and Mrs. Theodore J. Ongaro of Andover, received a bachelor of arts degree in political science from Middlebury College at the 188th Commencement exercises on Sunday, May 22, on the Vermont liberal arts college campus.

David K. Shieler, Pulitzer prize-winning author and chief diplomatic

correspondent for the New York Times, delivered the commencement address to the 470

graduates and approximately 2,500 parents, relatives and friends. Shieler was awarded an honorary degree.

IF YOU ARE A HOMEOWNER, OUR EQUITY CREDITLINE IS THE ONLY SMART WAY TO BORROW.

HOW THE 1986 TAX REFORM ACT REDUCES YOUR TAXABLE INCOME.*

	Tax deductibility	Reduction in taxable income	Reduction in taxable income	Benefits of Equity Creditline
1988	40%	\$600	\$1500	\$900
1989	20%	300	1500	1200
1990	10%	150	1500	1350
1991	0	0	1500	1500

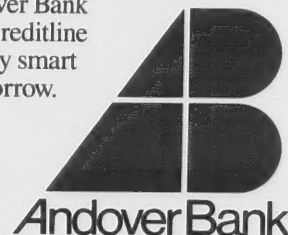

*Sample \$15,000 loan at 10% annual percentage rate; chart refers to deductibility of interest. Actual rates may vary.

As of 1988, interest on an Andover Bank Equity Creditline up to \$100,000 is fully tax deductible and the money may be used for any purchase or expense. For homeowners, that's the biggest news since the 1986 Tax Reform Act itself, because your Andover Bank Equity Creditline can be used for major purchases like a new car, college education, a dream vacation, or for unforeseen medical expenses—anything you wish. Most important of all, interest payments are fully deductible.

The chart above shows how a hypothetical consumer loan of \$15,000 at an annual percentage rate (APR) of 10% will eventually generate no tax deduction at all. The same amount at the same 10% APR applied to an Andover Bank Equity Creditline may lower your taxable income by \$1500 each year as long as you meet IRS requirements. Actual APR may vary.

Our Andover Bank Equity Creditline requires no application fees or legal fees. We offer payment plans to fit your

needs and charge no prepayment penalty. For more information, call or visit one of our eight convenient Merrimack Valley offices soon. We think you'll agree that for major purchases, an Andover Bank Equity Creditline is the only smart way to borrow.

BABY TALK

by Jack Resnick

Today, most homes are centrally heated so it's unnecessary to swathe a baby in layers and layers of clothing. Most of the time, the basic outfit consists of a diaper and plastic pants (or a disposable diaper and its own plastic cover); and undershirt; and a nightgown, a kimono or one-piece jump suit. On hot days, you may even discard the outer layer. For trips outdoor or in cooler weather, the baby will need a light sweater and a blanket wrapper. Remember, the objective is to keep a baby comfortable, not hot. Wrapping warmly won't prevent colds - And over-heating causes perspiration and skin rash.

Shopping at **TINY TOTLAND** is a welcomed experience. Convenient hours. Open 9-5:30. Mon. & Th. 9-9. Do all of your shopping for baby in one convenient stop. Toys for all ages... "heaven to seven". New Firefighters Graduate

Chief Harold Hayes of the Andover Fire Department announces the recent graduation of Mary Ann Skaff, Barry Thornton and Ernest T. Vocell from the Massachusetts Firefighting Academy's seven-week recruit firefighting program.

The program, which is offered tuition free to municipal firefighters in the Commonwealth, is designed to provide new firefighters with the basic skills necessary to insure their effective performance in their jobs.

The graduation exercises, held at the Massachusetts Firefighting Academy's headquarters in Sudbury June 24, marked the conclusion of an intensive and in-depth program for all students. The students' primary concern was learning ba-

sic firefighting skills but during this time they were also introduced to more advanced topics, such as public fire education training, hazardous materials and stress management, which will be important as their careers progress. Students receive classroom training in the basic firefighting skills, such as ladders, hose and protective breathing apparatus and the training is reinforced by performing practical field evolutions, first under non-fire conditions and then during controlled fire conditions. By graduation, students have had practical, hands-on experience with live fires in buildings, vehicles, flammable liquids and will have successfully fought these fires as effectively and safely as possible.

NECC Gets National Accreditation

Continuing accreditation of the associate degree nursing program was recently granted to Northern Essex Community College by the National League for Nursing.

The accreditation was awarded without any recommendations for changes of the college's nursing curriculum. Accreditation absent such recommendations is extremely rare, according to Sylvia Hallsworth, director of the Northern Essex registered nursing program.

This is the third reaccreditation for the Northern Essex nursing program, which has been in existence for 20 years. The program is accredited for eight years, which is the maximum accreditation period allowable, and is not scheduled for reaccreditation until 1996.

The National League for Nursing praised the Northern Essex program for its "dedicated, clinically up-to-date faculty" and "enthusiastic, well-informed, highly motivated and supportive students" as well as its involvement in minority enrichment programs and the current concerns in the nursing profession.

The accreditation process is lengthy with preparation and site visits occurring over a period of 18 months. The directors of the nursing program must submit a self-evaluation report of their program to the national league several months before the on-site visits.

The report must include the philosophy, purpose and objectives of the program as well as an outline of the program

and the curriculum, profiles and data on faculty and administrators and a listing of library holdings.

The three-day on-site visit validates whether the program's self-evaluation is accurate and includes meetings with the nursing faculty, students, liberal arts faculty and clinical personnel.

The monitors are not only looking at the quality of the nursing faculty and program of instruction, but also how well the nursing students fit into the mainstream of the liberal arts college.

Northern Essex offers three registered nursing programs including a day option, evening option and 12-month option.

Area Lounge Raise \$4,000 For Charity

The third annual Horseshoe Lounge Jimmy Fund Golf Classic at the Hill-view raised \$4,000.

Horseshoe Lounge owner Pat Lee credited the tournament's sponsors and players for their generosity.

Joe Boczinski of Andover was on the first-place team. The straightest drive was made by Steve Asgeirsson, also of Andover.

This year's field of 71 players was the largest ever, Lee said, and 18 of the 19 groups finished even par or better.

In addition to the golf tournament, the Horseshoe conducts other activities throughout the year and, with the addition of patrons' contributions, donations to the Jimmy Fund will exceed \$5,000 this year. This is the 31st year of association between the Horseshoe and Jimmy Fund.

The next scheduled event is an over-30 softball tournament tentatively set for September 10 and 11 at the Little School.

County Commission Candidates

Breen Cites Leadership, Involvement

Terry Breen of Methuen, in announcing his candidacy for a four-year term as an Essex County commissioner, said his proven leadership, community involvement and administrative ability make him qualified for the position. Further, Breen stated that he was the first candidate to endorse the formation of the present Essex County Charter Study Commission and pledges that, when he is elected, he will support the will of people regarding changes in county government.

Breen serves as an elected member of the Greater Lawrence Technical High School Committee. He is president of the board of directors of the Greater Lawrence Community Action Council, serves as a member of the Methuen Town Democratic Committee and was formerly president of the board of directors of the Merrimack Valley Chapter of the March of Dimes. Breen is a veteran and a Lieutenant Colonel in the United States Marine Corps Reserve.

A supervisor of attendance for the Lawrence school department, Breen earned his B.Ed. from Plymouth State College, M.Ed. from Salem State College and his Certificate of Advanced Graduate Study from Boston State College.

Breen said he sees county government as a valuable, established form of middle government that should address itself to regional matters such as solid waste disposal, water treatment and supply, natural resources management and tourism.

Terry Breen

He stated that he intends to be a county commissioner who responds to the needs of the entire county.

Ciampa Says County Needs Drug, Alcohol Awareness

Chris Ciampa, a 20-year veteran of Saugus town government, has announced his intention to run for Essex County Commissioner.

"County government has to adjust to the times," he said. "The county would be wise to work more closely with the district attorney's office to institute an expanded drug and alcohol education program throughout the school systems in the county."

ABOUT OUR PEOPLE

THE TOWNSMAN, AUGUST 11, 1988

Man And Family Together After 40 Years

By Melissa M. De Meo

Chang Yi, the Korean-American man who was separated from his parents at the age of 3, has found his family.

Yi, now in his 40s and a resident of Andover, returned to Korea in June, 1987, to place spots in newspapers and on radio and television advertising for the whereabouts of his parents.

A woman who saw one telephoned her second cousin, a military colonel, because the voice was so much like his. The colonel had had a brother who toddled off one day, never to be seen again. Col. Yong-Shik Jung agreed to meet Yi. They swapped stories, but Yi remembers very little of the time before he crawled through the gate of his family's house, boarded a street car and ended up in Seoul, where he met with one adventure after another.

Then the mother of the woman who had first spotted Yi's ads visited. She remembered that her missing grand-nephew had a scar under his chin from a boil that had been removed. "She rose from the couch where she had been sitting and looked at my chin," Yi said. "And sure enough, there it was. That was the clincher."

It turns out Yi was the fourth and youngest child born to Ha-Bok Jung and his wife, Jung-Hee Kim. Shortly after Yi's disappearance, his mother died, and his father remarried. Jung has three children from his second marriage.

So it was a big family reunion when Yi and his wife, Myong, visited Seoul in December. But it wasn't your average reunion. Yi and his family had four decades of catching up to do.

"It was weird," he said. "They remembered things I didn't."

One of the things he does remember is a prank that could be out of anyone's childhood. Yi said some kids used to put a sleeping mat on him and sit on him until he begged them to get off.

His sister-in-law confirmed Yi's memory. "She said, 'Yes, that was your cousin so-and-so. She's a minister now, and she's always regretted having been so mean to her lost cousin,'" Yi said. He got to talk to his cousin by telephone and hear her apology first-hand.

The woman remembered that her missing grand-nephew had a scar under his chin from a boil that had been removed. 'She rose from the couch where she had been sitting and looked at my chin,' Chang Yi said. 'And sure enough, there it was. That was the clincher.'

Yi's new-found family was doubly sure that he was the one because of his physical resemblance to his cousins and maternal grandparents.

"Initially, I wasn't certain either," said Yi's father, speaking in Korean as his son translated. "But when I saw the scar on his chin, I felt that he was my son."

Although Jung said he always wanted to see his son once again, he thought the boy had been killed during the Korean War. Finding him was "like meeting a son who's been resurrected from the dead," he said.

Last week marked Jung's first visit to Massachusetts, though not to the United States, and he says it's a happy one because he was able to stay at the home of his son, daughter-in-law and two granddaughters, Jie, 6, and Jieun, 4.

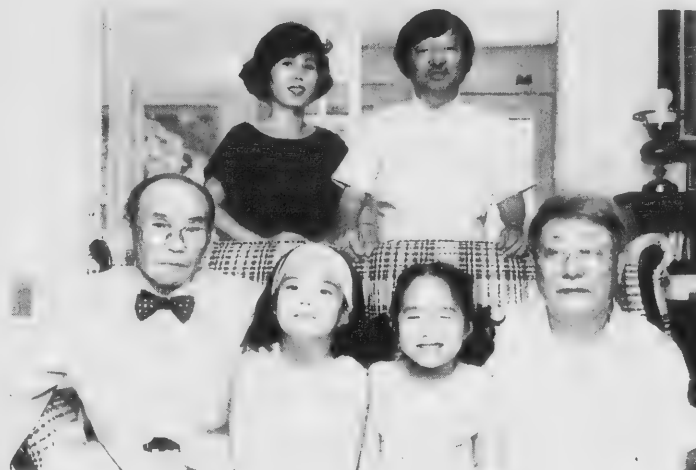

Life may change even more drastically for Yi. For one thing, he is not 44, as he used to think. Birth records provided by his father show he turned 42 last month. He also has to decide whether to trade the name he chose for himself at 14 for the name his parents gave him—Joang-Hoon Jung. That's no easy matter when you consider all the documents that bear your name—driver's license, work records, deeds, children's birth certificates.

"He considers it important," said Yi, gesturing toward his father. The elder man is head of the Jung family clan, which is 100,000 strong and has multi-million dollar assets, according to Yi.

"Korea once had a caste system," Yi explained. "And although it's not practiced anymore, if you're born into a laborer family, no matter if you're a billionaire, that puts you on the other side of the tracks as far as the wealthy blue bloods are concerned."

In the port city of Pusan, 230 miles south of Seoul, the Jung clan maintains its ancient burial ground. "If the developers got a hold of that, it would be worth a lot of money," Yi said.

The Jungs were once royalty. But the life Yi has led has been far from that of a prince. After he wandered off from what he recently discovered was the house of his grandfather, a prominent government official, his existence was hand to mouth.

Chang Yi's newfound parents visited him in Andover last week. Yi stands with his wife, Myong. Seated, left to right, are his father, Ha-Bok Jung; daughters, Jie and Jieun; and stepmother, Young-Shik Byun.

In Seoul, Yi was taken in by several families, but he either grew tired of them or vice versa. "I was so wild they couldn't control me," Yi said in an interview last summer.

While the young Yi was struggling for survival, a war was waging in his homeland. He was eventually taken by American GIs to a refugee camp in Suan, south of Seoul. After an encounter there with one of his former foster fathers who beat him with a stick, Yi fled the camp.

Back on the main road, a U.S. Army truck picked the little boy up, and for the next eight years, he was raised in American MASH units, where he quickly learned English. He described himself during those years as a "pet dog," at the mercy of the soldiers' good humor.

In 1958, things took a seemingly impossible change for the worse. Yi woke up one morning with rheumatoid arthritis, the effects of which are still with him.

Andover's South Church sponsored Yi's first trip to the States, where Boston surgeon H.T. Sakellarides restored function to Yi's now-deformed hands.

When Yi returned to Korea after an unsuccessful attempt to enter Phillips Academy, he felt his trip had been a failure. "Nothing had changed. It was like a drowning man had been given a new set of clothes and thrown back in the water," he said last July.

Yi eventually convinced the dean of a private school in Georgia to give him a chance. He came back to America and not only graduated from the school with honors, but went on to Gordon College in Wenham, where he received a degree in history and education.

Yi worked first as a social studies teacher and later took jobs at first the Haverhill and then the Lawrence Departments of Public Welfare. He is currently an area coordinator at the state Department of Revenue. He moved to a Central Street house a year and a half ago.

Things seem to be going well for a change. Still, Yi says he wishes he was closer to his father. "He hasn't seen me since I was 3, and for an old man who's set in his ways, it's tough to be exuberant about this," he said, adding that he gets along very well with his six siblings.

Back in Pusan, South Korea, the Jung family keeps its archives. Yi's family recorded his birth there and constantly hoping for his return, didn't add anything to it until he turned 20.

"Then the government started sending draft notices," Yi said. "They couldn't say I was lost because then the government would think I was draft-dodging, so they had to come up with a better explanation. So they said I was dead."

The record of Joang-Hoon Jung's death has been destroyed now. "I've been resurrected," he said. "I'm officially alive."

Ciampa

(Continued from Page 12)

"The drug problem plaguing our country is tragic and threatening...it would seem more prudent to spend dollars on education in these crucial areas rather than build more jails to house offenders who were convicted of drug or alcohol-related crimes," Ciampa continued. "Maybe given the chance to become more aware of the dangers of drugs and alcohol, some of these individuals would not be behind bars today."

Ciampa is currently a Saugus town meeting member, member of the board of appeals, chairman of the playground commission, former member of the Saugus River revitalization task force, the master plan study committee and the Saugus charter commission, former chairman of the Resco Task force, chairman of the Feast of Our Lady of the Assumption and former president of the Italian American Club of Saugus.

Hospital Introduces New Menu For Patients

Food plays an important role in a patient's recovery. To help make a patient's hospital stay more pleasant, Bon Secours Hospital in Methuen has introduced restaurant-style menus offering a variety of tasty entrees expertly prepared and attractively served.

The patient will find it a satisfying departure from "typical" hospital fare. Pediatric patients receive a special children's menu.

"Bon Secours Hospital's Food Service Department is committed to providing patients with nutritious and appealing meals. Patients receive the breakfast, lunch or dinner menu and select a choice within the constraints of the diet his or her physician has ordered," explains Gary Zabierek, director of food service. "Most menu items offer reduced sodium and cholesterol content. To complement the flavor of these foods, our chefs use herbs instead of salt, low fat dairy products, lean cuts of meat and polyunsaturated fats. The patient will find that these entrees, although healthy, will taste good too."

The new restaurant-style menu concept is the last in a series of changes in patient services at Bon Secours Hospital that has included a new tray service and a home-style presentation.

Waste Disposal Problems Go On

By Virginia Cole

The problems of waste disposal are still continuing through the summer and much is heard in the national news. Andover continues to collect paper at curbside. June was a good month, 117.53 tons were removed from the incinerator and sent to a second life of being cereal boxes, dress boxes or paper board containers of some sort. Thanks to all who recycle. Ask your neighbor to join you.

We urge new residents to go to Town Hall and get a recycling calendar from the veterans office, town clerk or town treasurer. This calendar explains how to recycle in Andover and when. Basically, we collect newspaper, magazines and collapsed cardboard every other week on your normal trash day. A glass collection bin is available at the Town Office parking lot every third Saturday of the month from 9 a.m. to 2 p.m. The next one will be August 20.

Perhaps some of you heard, what was to me, very surprising news, that New York City is trying to ship its trash to England where someone

over there wants to burn it for energy to lessen dependency on nuclear power for electricity. This was on TV while we hear of similar concern right here. All the people interviewed paid lip service to recycling but then quickly went on to the problems of land fills and incinerators. To me, this only emphasized our need to recycle more, making less residue from the incinerator and getting better use from our own recycled materials.

Did you know that Americans throw out ten times their weight in trash every year, or about a half-ton for every person? This trash includes enough aluminum to rebuild the American air fleet 71 times, enough steel to construct Manhattan and enough paper and wood to heat five million homes for 200 years.

Massachusetts is trying to work on this problem with municipal waste recovery systems. They may get lost in the current budget crunch. Perhaps you want to tell your representative what your priorities are or even your governor or lieutenant governor, in case Gov. Dukakis isn't home.

The Massachusetts Society for the Prevention of Cruelty to Animals says countless dogs and cats suffer needlessly and even die in

Bancroft:

Monday started with Picnic Day. Bridget Cruwys, Jenn and Chris Lane, Mary Beth and Jimmy Noonan, Emily Shearer and Timmy Lynch brought picnic lunches and did the three-legged races, wheelbarrow races and egg toss, which was won by Jenn Munroe and Michelle. Michelle Dalton, Kevin Hess and Tobi Cutler decorated pillowcases. Andy taught Matt Trede and others to play 45s and Scott and Brian DeCouray played Kings in the Corner. Michael Mulcahy, Will Adams, Alan and Stevie Hibino and Natalie Shearer enjoyed the Boston Harbor boat trip on Wednesday. The talent show brought out the talents of Anna Radockia, Erin O'Brien, Brien Cutler and Eileen Sweeney. Allen Mackey, Stephen Mackey, Kristy Lynch and Rachel Geldart had their faces painted by Laura.

Sanborn: Justin Pierce and Jeff Smith were the only ones to dare the heat and bike to Bancroft School. The weekly baseball game is now a kickball game. Shannon Breen kicked two homeruns and Joe Shea got one. The trip to George's Island was a great journey into history. We met Joe and Eric Shea's uncle who worked on the island. Megan McKenzie really enjoyed the cruise of Boston Harbor. Picnic day was a big hit. The egg toss was won by Marcy Ruda and Joe Shea; in second place were AnneMarie Hussey and Ellen

Mullane. Marcy and Joe also won the balloon toss and wheelbarrow race. Michelle Davis and Maura McConville took first in the three-legged race. Lindsey Strobe won the water limbo contest, while Julie Mullane took second place. Everyone got wet, if not in the limbo contest, then in the water balloon fight—the best way to beat the heat. Everyone enjoyed face painting and pillowcase decorating. Everyone contributed to the modern art on Shannon Breen's pillow case and Melissa Portoreal had colored balloons painted on her face.

South: The sixth week of playground was hot and humid, but fortunately, we were able to travel to Boston Harbor and George's Island. Jessica Chumicki, Abbi Hermosa, Shira Hermosa, Sondra Barch, Megan Buckley and Danny Barch participated in the adventures of the caves. There are only two weeks of playground left with exciting trips to Crane's Beach, Canobie Lake Park and Poms Pond Fun Day yet to come.

West: Monday was egg day. Jenn Milne and Becca Howard won the egg toss. Close runners up were Jason Pratt and Jimmy Rita and Tara Coppola and Greg Peters. Spanky Charland and Amy Wilkins came out on top in the egg nose push. There were also a bunch of relay races. Tuesday we pillow decorated. Christine

Spignesi's and Kthleen McCumber's were the best. Bombardment was a hit—except for chasing the balls. Outstanding efforts were made by Katie Witman, Chris Cataldo, Ross Austin, Ted Buscema, Chris Learn, Deena Gray, Lindsey Bates and Peter Gigliotti. Wednesday West "zinc-ed" out for the field trip to George's Island. There was no problem finding the Westies. They were the blue and gold zinc-striped tribe. They toured the ruins, played volleyball and got their pictures taken. Teddy Witman, Beth Cummins, Stuart Hillary, Emily Winters and Amy Cohen had a great time exploring the dark tunnels of the ruins. Thursday everyone played Killer, Indian Chief, football and hose-running and took it easy in the heat. S'mores were made after the Friday cookout. There were blow painting, kickball and Red Rover games.

Shee-Hee/Shaw-Nee: Christmas in August came to the playground on Monday. Presents were exchanged and paper ornaments were made. The Shaw-Nees sang Christmas and Channukah songs, made their own play dough and used cookie cutters to make shapes. Eric Chute made a key, Joshua Pisco made a chick and Sarah Cote made an alligator. Brendan's alligator was named Floyd. Tuesday handprint pictures were made with fingerpaint. The staff organized a treasure hunt and everyone followed the treasure maps to find all the hidden objects. A mess was made on Wednesday with food fingerpainting, using chocolate syrup and

whipped cream. R. Douglas Johnson and Eric Brandt were covered in chocolate. Everyone got to make a tamborine with dried beans. We went under the sprinkler and ate popsicles and watermelon to try to beat the heat. All the kids made mobiles on Thursday using coat hangers, pipe cleaners and all kinds of paper shapes. There was a musical train with tamborines, drums and rhythm sticks. Most of the day was spent in the wading pools. Adam Wish, Alex Gostanian and Michael Petrillo really enjoyed the sprinkler while Erin Perry and Megan Licata spent a lot of time floating in the pool. Friday was picnic day with lunch outside at the picnic tables. And, of course, we played in the sprinklers.

Ha-Kow-Wee: The sixth week of Kamp started off with a day filled with picnic activities. Jason Shaw and Philip DiBlasi were the overall winners in the egg toss. Jason Shaw, Steph Buck, Christie Cunningham, Brian and Rachel Tasker,

Shaun Flynn and many others participated in relay races. Rock painting was the next activity with Michelle Leary, Lindsey Pearson, Robin Hall, Kris rolfes and Stephanie Ciampa creating masterpieces. Estzer Vajda came to the Kamp on Tuesday to give tennis lessons. K.C. Costello, Matt Donohue, John Lougee, Michael Burton and Erik Friese all joined in. To stay out of the heat a quiet game of Dead Dog was played with almost every-

one playing dead. Michelle Leary, Jeff Hall, Dan Minkinen, Leanne Shaw, Kara Locke and Lindsey Pearson created bead art while Dan Martineau, Jeff Irvine, Matt and Andy Gilmore, Matt Burrill beat the heat playing with starcom. Benjamin Messina, Stephanie and Jennifer Buck, Kirsten Kozat, Courtney Cunningham and Tom Meagher were a few of the Kampers who went on the Boston Harbor boat trip on Wednesday. Thursday began with a talent show.

Japanese, Kaleidoscope Students Learn A Lot From One Another

The young participants of the Kaleidoscope Enrichment Program got a taste of the Far East Aug. 5, when 15 Japanese students taught them origami, the art of paper folding.

The students, who are visiting Andover for three weeks under the sponsorship of One World Friendship, a non-profit California-based program, wanted to see an American school.

The Kaleidoscope program offers a wide variety of one-week and two-week courses for children to choose from.

The Extra! Extra! staff of the Kaleidoscope Times, a course that teaches children how to publish their own newspaper, interviewed the Japanese students, learned to do origami and became the visitors' personal tour guides.

The following are some of the questions asked by the Kaleidoscope Times reporters and the responses given by the Japanese students.

Sarah Kolitz: In America, we celebrate many holidays such as Christmas and Hanukkah. What holidays do you celebrate in Japan?

Response: We also have many holidays, but our biggest is New Year's. We make many decorations. We decorate Christmas trees even though all of us are not religious.

Cortney Lynch: Are the style of clothes different in Japan?

Response: The styles are very similar but the clothes are much more expensive

in Japan. We have really enjoyed going shopping during our visit.

The Japanese students were interested in what American children wear to school. In Japan, many students wear uniforms. The boys wear black pants and a jacket "like a sailor's uniform" and the girls wear black skirts and jackets with white blouses.

Lisa Jayne: Do you play tennis?

Response: We not only play the same kind of tennis you have, but we also play a different form called "soft tennis."

Dori Gordon: Do you watch any American movies, TV or even MTV?

Response: Yes, we do.

Todd Federman found out that one of the Japanese student's favorite sport is basketball. He was glad to know he had heard about the Celtics.

Kaleidoscope student Lenore Stubenhaus tries on her new hat, made with the help of Japanese exchange students Miwh Miyashita, left, and Ryuichi Kizumi. The 17 students in the exchange program, who are boarding with Andover families for three weeks, taught origami to students in Lenore's newspaper reporting class.

40 YEARS OF SERVICE TO THE MERRIMACK VALLEY

Koala Inns Join Days System

Days Inns of America has announced that it has completed an agreement with Koala Inns of America Corp. wherein the Koala Inns chain will become a part of the Days Inn franchise system. Koala Inns, long respected in the northeast for quality lodging and unmatched service, also plans to develop additional Days Inns and Hotels in New England under its agreement with Days Inns. With the addition of these four hotels, Days Inns of America has strengthened its ever-growing presence in New England; there are now 43 Days' properties throughout that area.

"Though Koala Inns has always enjoyed an excellent reputation and a high degree of quality as a regional chain in the northeast, today's competitive market requires an affiliation with a nationally-recognized name symbolizing quality and value," said Robert S. Agnello, president of Koala Inns. "We have chosen to join Days Inns of America because we found the company far and away the most promising. They have the most competent people and Days Inns of America's aggressive positioning is a strength that will enhance each of our hotels."

"We are thrilled to have Koala Inns and Bob Agnello as part of the Days Inn family," said Henry R. Silverman, chairman and chief executive officer of Days Inns. "Koala is one of the best hotel development companies in the business and with them on our team, Days Inns is well on its way to becoming the number one hotel company in the world."

Koala Inns of America was founded in 1973 under the leadership of Agnello,

whose strategy was to offer luxurious accommodations at an affordable price. The concept proved successful and Koala Inns became the standard in the northeast.

The newest additions to the Days' system are located in the following areas: Days Hotel Andover; Days Hotel Manchester in Manchester, N.H.; Days Hotel West Haven and Days Inn Windsor Locks in Connecticut. The Days Hotel Manchester is the first Days' property in the state of New Hampshire, marking entry into 47 states for Days Inns of America.

"Each of the Koala properties is a significant addition to our nationwide system," said Michael A. Leven, president of Days Inns of America. "The locations are prime, the properties are beautiful and well-managed, the guests are loyal and the Koala management team is one of the best in the industry. These locations strengthen our presence on the major routes between New York and Boston."

At the end of 1986, just three Days' properties were open in the New England area. Forty three are now open in the region and a total of 100 are expected to be open by 1992. Days Inns of America has targeted the northeast and New England region as a major area of expansion. Through aggressive marketing and franchising, the company is meeting its objectives.

Days Inns of America, Inc., and its subsidiaries, is the fifth largest hotel chain in the United States and the fastest growing in the moderate price segment of the market.

Olderpeople are at risk of hypothermia in extremes of either hot or cold weather. Weakness, dizzy spells and confusion can be signs of heat stress. If you have a fan or air conditioner, be sure to use it. Many older people have told me they don't like to increase their electric bills by using fans and air conditioners. Don't be penny-wise and foolish in this heat spell. The senior center is air-conditioned and open Monday through Friday from 8:30 a.m. to 4:30 p.m. Magazines, books and table games are available for those who wish to drop in and get out of the hot, humid air.

If you are experiencing signs of heat stress, call the Andover police or fire department for help. A free brochure providing healthy tips on keeping cool is available at the senior center.

Headed out to the fairways for the start of the Jake Golf Tournament Monday were Carl Yasztremski, Sr., Andover Selectman Charles Wesson and Victor Lanio, Sr. The baby on Wesson's lap is Victor Lanio, Jr. The sixth annual Jake Open at the Andover Country Club raised \$12,870 for disabled children and their families. The tournament is named for John J. "Jake" Scileppi, Jr., who has cerebral palsy.

Huang Erhnan, a Chinese artist of the 1920s, painted designs on silk cloth using his tongue as a brush.

THE SOCIAL SIDE

Furey-Keegan

Maura T. Keegan, daughter of Mr. and Mrs. Harold O. Keegan of 7 Launching Road, and K. Christopher Furey, son of Mr. and Mrs. Edward J. Furey of Lynfield and Falmouth, were married June 18 at St. Robert Bellarmine Church.

The Rev. Paul T. Keyes of St. Richard's Church in Danvers, assisted by Rev. Frederick J. Collins, pastor of St. Robert's, performed the ceremony.

Given in marriage by her father, the bride was attended by her sister, Patrice Keegan Heffer of Lancaster, as matron of honor. Bridesmaids were Suzanne B. Lorange of Andover, Eileen M. Howard of Manhasset, N.Y., Elizabeth B. Anderson of East Greenwich, R.I. and Marybeth Wallace of Upper Saddle River, N.J. Junior bridesmaids were Emily K. Winters and Hilary R. Winters, both of Andover. Katherine L. Furey of Acton and Amy C. Furey of Peru, N.Y., nieces of the groom, were flower girls.

Joseph M. Timmins of Narragansett, R.I., was best man. Ushers were Atty. Owen D. Keegan of Houston, Texas, and Vincent J. Keegan of New Orleans, La., brothers of the bride, and Dr. Dennis C. Furey of Peru, N.Y., and Edward J. Furey, Jr., of Acton, brothers of the groom, and Dr. Robert D. Dunphy and Joseph J. O'Connor, both of Danvers.

Music was by Thomas Garvey, organist, and David Cordoso, soloist.

The bride wore her mother's wedding gown of ivory candlelight satin with a sweetheart neckline of seed pearl and sequin-embroidered alençon lace and a skirt with a draped back bow ending in a cathedral length train. Her fingertip length veil had seed pearls and trailing lilies of the valley. She carried a sheaf of white roses, stephanotis and lilies of the valley.

Following a reception at the Haverhill Country Club, the couple took a wedding trip to Ireland.

The bride graduated from Andover High School and College of the Holy Cross in Worcester. She is an operations manager for Bank of New England in Boston.

The groom graduated from St. John's Preparatory School and Merrimack College. He is a sales representative for Free Flo Packaging.

The couple lives in Lawrence.

Blue Bests Gold For Pony League Title

By Rick Harrison

Andover Blue, combining timely hitting with sharp defense, swept to the Greater Reading Pony League baseball championship with hard-fought 6-5 and 8-5 victories over Andover Gold in their best-of-3 playoff final series last weekend at the Andover High School varsity field.

Blue, which received a pair of gritty complete-game pitching performances from righthanders Todd Allard and Joe Marinaro, wrapped up a superb season with a 19-2 overall record.

The championship was the second straight for AB, which shared the title with Lynnfield last summer.

Gold, the GRPL champ in 1985 and '86, completed the league portion of its schedule with a 14-6-1 overall mark.

Both teams also won their respective division titles for the fourth consecutive year.

Blue then defeated tough Lynnfield 7-4 in a one-game semifinal round knockout, while Gold advanced to the final with a 17-0 romp over the Reading Astros.

Several members of the Blue and Gold squads will now join forces to play a non-league series against Chelmsford, and they will also participate in the annual Winthrop Invitational Babe Ruth Tournament beginning Aug. 20.

Players on the championship Blue crew are Bobby Sheehan, Adam Brown, Brian Novelline, Joe Marinaro, Todd Allard, Justin Hesinius, Brendan Sharkey, Matt Harris, Ryan Legrow, Ben Russell, Steve Sheppard, Andy Novelline, Josh Nelkin, Gus Quattlebaum and Chris Lembo.

The Gold roster includes Bill Batchelder, Matt Orlando, Bryan Smith, Peter Arthur, Jim Landry, Matt Daniels, Mark Hopkinson, Scott Halecki, Jim Hanning, Mike Daley, Mike Sullivan, Mike Famiglietti, Todd Murray and Don Fraser.

Andover Blue, 6-5

Blue centerfielder Ryan Legrow made a shoetop stab of Gold batter Jim Landry's hard line drive with two down and two runners aboard in the top of the seventh inning, preserving the East Division champions' dramatic victory in the series opener.

Legrow's catch aborted a strong comeback by Gold, which erased a 4-0 deficit in the fourth and mounted a two-out rally in the seventh to come within inches of at least tying the contest.

Todd Allard was the complete-game winning pitcher for Blue, and his clutch two-out, two-strike single in the bottom of the fourth snapped a 4-4 tie and chased home what proved to be the winning runs.

Bryan Smith launched Gold's four-run fourth with a long double to leftfield; Mark Hopkinson reached on an infield error; and Jim Landry walked to load the bases. Mike Daley followed with a crisp single to leftfield, scoring two runs, and when the ball skipped past the fielder Landry scored as well. Jim Hanning then spanked a single to plate Daley with the tying run.

Blue came right back in the home half

of the fourth, Sheehan and Brown the instigators once again with back-to-back walks.

Brian Novelline reached on a fielder's choice, erasing Sheehan at third, and Marinaro tapped back to Hanning on the mound for the second out.

The Gold lefty came within one strike of escaping the big jam unscathed, but Todd Allard rapped a 2-2 curveball over the outstretched glove of AG third baseman Matt Orlando for two runs and a 6-4 Blue lead.

Smith was the only Gold player with more than one hit, also finishing 2-for-3.

Defensively for Gold, Batchelder worked five strong innings behind the plate and Mike Daley made a fine running catch in rightfield.

Andover Blue, 8-5

Joe Marinaro completed a 9-0 season on the mound with a courageous route-going performance, weathering nine hits and seven walks as Gold left 11 baserunners stranded.

AG ace Bill Batchelder (7-3) also went the distance, yielding nine hits while walking three and striking out seven.

Batchelder finished the league portion of the season with 101 strikeouts in 58.1 innings. He also permitted just 40 hits and 14 earned runs (1.69 ERA).

Gold committed four errors that led to five unearned runs for Blue, while only one of the AG tallies was tainted.

Both teams had at least one runner aboard in every inning.

Gold, which continually knocked on the door but never led in either game of the series, fell behind 2-0 in the first inning of Blue's clincher.

Pesky leadoff batter Bob Sheehan beat out an infield hit and promptly stole second. He then tried to score all the way from second base on a passed ball, but was nailed at the plate on a throw from catcher Matt Daniels to Batchelder.

Blue applied the crushing blow with three runs in the fifth.

Adam Brown smacked a solid single to centerfield, stole second and was singled home by Novelline.

Gold loaded the bases with no one out in the bottom of the fifth, a walk to Matt Orlando following leadoff singles by Bryan Smith and Mark Hopkinson.

Matt Daniels walked to force home a run, making it 8-5 and leaving the bases loaded with no one out.

The game pivoted on the next at-bat, as Marinaro forced the hitter to chop into a 1-2-3 (pitcher-catcher-first) double play. A groundout to shortstop Matt Harris then ended the threat.

Batchelder retired Blue easily in the sixth and seventh, while Marinaro breezed through the sixth.

Matt Harris played a strong defensive game at shortstop for Blue, starting a crisp 6-4-3 double play and making a fine stop on a sharply-hit ball by Batchelder.

Matt Orlando played well in a brief late-game stint at shortstop for Gold.

Matt Orlando of the Andover Gold sets his sights on a pitch from Todd Allard. Allard's team defeated the Gold twice for the Pony League championship.

Little Leaguers Get 'Psyched'

By Rick Harrison

Those dreaded 12-year-old men from Taiwan have reportedly clinched yet another Far East championship, and Saudi Arabia has apparently earned a spot as well in the upcoming Little League World Series in Williamsport, Penn.

"I don't know about Taiwan, but I think our kids want to beat Saudi Arabia. They're still mad about the oil embargo," said Andover National manager Jim Arnold with a laugh.

This is definitely a time of well-deserved celebration for the Andover National Major Little League All-Stars, who

clinched the area's first-ever state championship with victories over highly-touted Walpole American (7-0) and Lee (11-5) last weekend in Billerica.

They are just three victories from advancing to Williamsport, something no Massachusetts team has done in 32 years (Winchester in 1956), but first they must win the 12-team Northeast Regional Tournament next week in Bristol, Conn.

That tourney brings together champs from the six New England states, includ-

Andover National wasted little time scoring all the runs necessary.

In whiffing leader Lambert for the second time in two innings, Saggese appeared to shake Walpole's confidence considerably.

Saggese breezed through the third and fourth frames, although Scarlata finally broke up the no-hit bid with a one-out infield single in the fourth. Second baseman Flanagan made a diving stop on the ball stroked up the middle, but Scarlata barely beat the throw to first base.

After going down 1-2-3 in both the second and third stanzas, the state champs sent 10 batters to the plate,

chased Scarlata and took a commanding 7-0 lead in the bottom of the fourth.

In the A-N fifth Guzowski beat out an infield hit to the mound and Hansberry drew a one-out walk, but that's as far as it went.

In addition to the outstanding catch by centerfielder Hansberry, Andover National also received steady defensive play from right-fielder Ryan Moynihan (three putouts) and first baseman Toby Guzowski (five putouts, one assist).

State Final

Lefthander Toby Guzowski (6-0) crafted his sixth consecutive complete game of the tournament, surrendering four hits, walking five and fanning seven as Andover National clinched the title.

The state champs raced to a 6-2 lead in the third stanza, loading the bases on a triple by Brian Flanagan, bunt single by Paul Allard and intentional walk to heavy-hitting Rick

Saggese.

Guzowski followed with a two-run double, Walsh an RBI single and Hansberry an RBI basehit.

Lee notched three harmless runs in the bottom of the sixth, the key stroke a two-run double by pitcher Chris Eccher.

Allard and Guzowski both went 3-for-4 to pace A-N while Flanagan, Hansberry and Guzowski contributed two hits apiece.

The defensive play of the game was also the final one, Andover National third baseman Paul Cassidy stabbing a line drive and tagging a Lee runner to complete a double-play.

Heat Taxes Electric Company

By Frank Messina

The crisis came a day early in the Greater Lawrence area last week.

After two solid weeks of 90-plus temperatures, Andover and the rest of the Merrimack Valley braced for a predicted triple digit high on Thursday. But it was Wednesday, when soaring mercury readings pushed the area's electrical grid to the limit, that provided the real test for public utilities.

2 p.m. The hottest hour of a blistering hot day, and worried power company engineers closely monitored meters that showed electricity use rising quickly—in tandem with the oppressive heat outside—to the capacity of the huge generators.

Paul McNamara, manager of the Massachusetts Electric plant in North Andover, had been on the phone since morning calling major industrial and commercial users, asking them to cutback energy use in any way possible. "We know what we're supposed to do, and we do it," he said.

The heat wave had already caused several minor outages in past weeks as local transformers

throughout the valley overloaded from the strain. Still, if the system holds together until 6 p.m., when most businesses are closed and the power use curve dips dramatically, Mass. Electric could survive another day without calling on extremely expensive help from another power company or, the ultimate power company nightmare, burning out its own transformers and coping with a local blackout affecting thousands of customers.

"Our equipment is subject to breakdown in hot weather," said McNamara. "(Blackout) is always a concern. We've been able to do OK so far, but give us one day of heavy use and if just a single piece of equipment goes off line...that might be the straw that breaks our back."

On Wednesday, it was close. Very close, said McNamara. Electricity generated between 2 and 4 p.m. came within a few percentage points of the plant's ability to produce power. But the system survived without major problems and McNamara could begin worrying about tomorrow's 100 degree forecast. "We're kind

of getting used to these crises," said McNamara, "but it doesn't get easier."

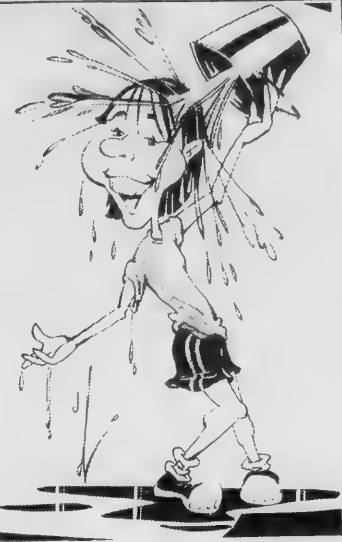

As it turned out, cool winds brought temperatures down between 90 to 92 degrees on Thursday. Humidity dropped to a reasonable, breathable levels. But as this scorching hot summer, one of the worst on record, burns its way through the dog days of August, McNamara sees only one way to guarantee the integrity of the power system.

Help. Cooperation. Conservation. "I guess it all comes down to sensibility," he said. "It's really sensibility that will control the (energy use) problems in the long run."

It starts with the big users. Mass. Electric knows what companies use the most electricity, and during peak use periods, these firms are asked to cutback or defer manufacturing activities to evening shifts when possible.

McNamara doesn't ask residential customers to go cold turkey with their air conditioners. But several small steps can be

The Summer Of Our Discontent

By Frank Messina

OK, what if you're one of about 15 families in Andover that doesn't own a pool?

It's another sultry, 90 degree day and the humidity is making clothes stick to the body like they were painted on with a brush. Outside, nobody is a happy camper, including the road jockeys. And you thought there was no way Boston-area drivers could get any worse?

What's an overheated Andoverite to do?

In town, not much. With one major commercial shopping district, no malls to call its own and no air-conditioned movie theaters to take refuge in, Andover is not exactly an oasis.

But there are ways to beat the heat that won't burn a hole in your wallet available within the confines of the town.

The best things in life are free and Memorial Hall Library (OK, so our tax dollars pay for its upkeep) is open during the week from 9 a.m.—before it gets real hot—to 9 p.m. This place is air-conditioned.

Downstairs, the children's section holds enough entertainment to occupy the kids while the padded seats and wealth of books, newspapers and magazines await on the third floor. The librarians do frown on the practice of leaving children in the library while parents do errands elsewhere.

Pomps Pond is also free. And there are few better ways to cool off than to go soak your head at Pomps. Those who grew up in places where the local plunge was in a high school swimming pool can appreciate the wooded beauty of the pond. The beach is sand, not dirt, and a snack shop is but steps away. The truly prepared

First Woman Firefighter Fits Right In

By Julie M. Barry

"My feeling is you have to go out and do what you want to do—go for it." That attitude helped get Mary Ann Skaff where she is today.

Skaff, a Haverhill resident, is Andover's first woman firefighter.

But she says publicity and being one of the first women to break into a male-dominated field were not the basis for her decision to pursue a firefighting career. "This was just something I wanted to do—to have a career with the fire department," she said.

Even so, it may have opened the doors for other women who want to be firefighters. Skaff doesn't take any personal credit. But she said the fact that a woman got a job at the department may have an impact on future hiring of women.

Skaff, 27, said she's been interested in the field since she was a youngster. Working for a fire department runs in the family. Two of her brothers and two cousins are firefighters.

Her eldest brother has been a firefighter for 22 years. As a kid, she said she enjoyed riding her bicycle to the station and spending time there. Skaff also remembers dressing up in her brother's uniform for class day in junior high.

This exposure to the career may have stirred her interest at a young age, but working at a fire department wasn't her first job.

Prior to becoming a firefighter, she worked as a health instructor at Women's World Health Spa for a couple of years and most recently, Skaff was the front desk supervisor at the Andover Marriott.

Now, two and a half years after taking the state civil service exam, Skaff is a member of Unit 4 at

Central Fire Station in Andover. She works four days a week—two 10-hour and two 14-hour shifts—with her seven-member unit.

As far as fitting in with the guys, Skaff said "so far, so good."

"The guys here at the station have been fantastic," she said. "We have to work together as a team and put that (her being a woman) aside," Skaff added.

And the men gave her high praise as well. "She's an outgoing, personable person; from what I've seen and heard, she's liked here," said Lt. Arthur Poulin, an Andover firefighter for the past 22 years.

"As long as she can do the job, I have no qualms," said firefighter Tom Agnew. "I think she's fitting in well."

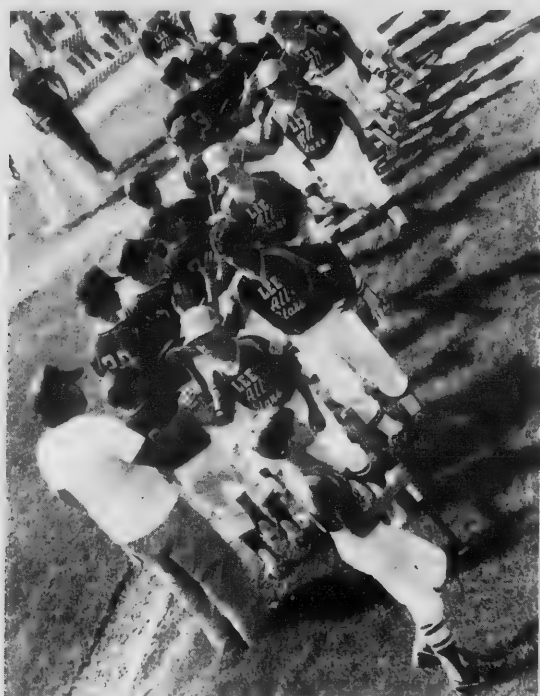

No special privileges are granted to Skaff because she's a woman. "She's done her share of work like the rest of them," Poulin said.

Reloading the hoses on the fire truck, "the pump-er," is one of the units' monthly chores. It's a strenuous task, especially in the hot, humid weather, but, according to Poulin, Skaff didn't get any different treatment. "She worked hard," he said.

Aside from the monthly duties, there are daily responsibilities at the fire station, like housecleaning. And the firefighters are assigned individual jobs. Since Skaff is a "junior man," the newest person on the unit, she is in charge of the maintenance of the four fire department cars.

The firefighters also take classes during their shifts. They view educational movies on such things as hazardous materials and car fires, Skaff said.

After a frustrating loss to Andover, the Lee All Stars were still good sports about congratulating their opponents, who took the game by a score of 11 to 5.

'One Step At A Time'

Team Reflects On Successes

By Rick Harrison

Toby Gudowski is safe after sliding into third base during the eighth inning of the Little League championship game Saturday at O'Keefe Field in Billerica.

Townsmen Photos by Matthew Sapien

The Andover National team roster is Paul Allard, Paul Cassidy, Matt Chapin, Ricky Crispo, Peter Daniels, Brian Flanagan, Toby Guzowski, Danny Hansberry, Todd Harris, Matt Marvin, Ryan Moynihan, Rick Saggese, Pat Walsh and Matt Wolcott. Standing by are Coach Red Harris, Manager Jim Arnold and Coach John Murphy.

Paul Allard lays down a perfect bunt that advances a runner into scoring position.

Paul Allard laughed when he thought about it.

"Ryan Moynihan says if we get to Pennsylvania and win the whole thing, he's going to do cartwheels all over the field."

That would probably be an appropriate reaction to beating, in all probability Taiwan, in the Little League World Series final at Williamsport.

And while Moynihan is performing his acrobatics, you won't have much trouble picking Paul Allard out in the crowd.

The 12-year-old Andover National All-Star catcher is the one over there. The one with the mohawk haircut.

"I usually get one every summer," he confessed. "But this year I got it halfway through the school year. My parents (Dick and Lynne Allard of 3 Orchard Road) said I could have it if I brought home straight As on my report card."

Not only is it a mark of distinction, but it's been put to practical use the past month as the Nationals battled to District 14 and state titles.

"A lot of people keep rubbing my head for good luck," admitted Paul. "Not just the players and coaches, but the parents and some of my friends."

If the Nationals get new uniforms, as anticipated, Paul will embellish the mohawk by "carving my number (17) into the back of it."

The lucky mohawk has obviously been working and hopefully will continue to do so as the state champs participate in next week's Northeast Regional Tournament at Bristol, Conn.

"I had a pretty good idea before everything started we'd do well," said Allard, who hit .560 with two home runs during the regular season for the Mets and is batting .368 with one homer and a bunch of clutch hits in the tourney.

"I knew this team was better than last year's," continued Paul, the lone returning player from the '87 club that won the district title but then lost its next game. "And I was pretty sure we were a little better than two years ago (state semi-finalists)."

"We have two ace pitchers (Toby Guzowski and Rick Saggese) and a great reliever (secret weapon Matt Marvin who hasn't been needed on the mound thus far)."

"Both Toby and Rick are great to catch," said Paul, who is among the finest defensive receivers ever to emerge from Andover LL. "Everyone thinks of Toby as big and strong. All he throws is heat (fastballs), and they're all afraid to get up against him."

"Rick is about the same, only not

quite as fast. But he mixes in a couple of change-ups to throw the hitters off."

Saggese returns the compliment. "Paul's a very important part of the team. He keeps everybody alive on the field, always lets us know how many outs there are, plays a tough position in the heat and always gets the hits when we need them."

"I like to throw fastballs most of the time," continued Saggese, who hit .585, blasted nine home runs and was 6-0 on the mound for the third place Cubs during the regular season. "If they start to catch up to my fastball I'll keep them off balance with a change-up."

Guzowski is 6-0 in tourney play with 57 strikeouts and just 14 hits allowed in 36 innings.

Saggese isn't far behind with a 4-1 record, 37 strikeouts, 24 walks and 22 hits allowed in 30 innings.

Guzowski has six straight complete games and Saggese five straight.

Saggese agreed with Allard that "we all knew we had a good chance to come this far. Even after we lost (3-2 to Billerica American in the district semi-finals) it didn't hurt our confidence. It was a tough loss and they had to play hard to beat us."

"The defeat just made us go back and work a little harder ourselves," added Rick, who enters seventh grade this fall after attending Sanborn Elementary School.

Saggese, son of Richard and Cecile Saggese of 4 Seten Circle, credits his father with helping him a lot.

The elder Saggese, who grew up in Chelsea and was a leftfielder on his high school team, coached both his son and Paul Allard on the minor league Cubs several years ago.

He was the first one to insert Allard behind the plate, while he and former Cubs major league coach Andy Shea were the first to notice Rick Saggese's pitching potential.

"I filled in for Ricky Crispo (another member of the current A-N crew) one game at catcher when I was in the minors," said Allard. "I really enjoyed it and I've wanted to catch ever since."

"When Mr. Shea drafted me as a 10-year-old he asked if I could pitch," explained Saggese. "He knew I could do the job."

"I like pitching but I still prefer first base."

Actually, if he really had his way, what Rick Saggese would like to do is hit all day.

He's batting over .500 in the tournament, cracked two homers against Walpole and has five in the tourney, and he's also hit the fence with line drives on six or seven other occasions.

Every at-bat is a potential disaster

for the other team.

"I've been to a few local camps and I work on my fundamentals at home all the time," said Rick, whose only other sport is basketball, which he plays to stay in shape for baseball.

Where the power originates from is a mystery because dad was a spray hitter.

Both Paul and Rick feel Billerica American is the best team they've played, and were a little surprised at how easily they glided through the state tournament.

"We didn't feel the states would be easy, but we have a lot of good athletes on the team. All we had to do was play up to our potential," said Saggese.

"A lot of us were nervous before the first game with Walpole," said Allard. "But once we got into the game my nerves just passed me by and I felt pretty relaxed."

"Billerica, Arlington and Lynn were all stronger teams than Walpole and Lee."

"I pitched against Billerica American twice and they were tough," said Saggese. "They had a good pitcher (Jon Delisle) with a good curveball and knuckleball. They were also a solid hitting team and caught up to my fastball."

"I felt pretty good both games against them (3-2 loss and 11-3 win)," added Rick. "I can tell when I'm 'on' by the way the ball comes off my hand and the way I follow through. Once I get in a groove I'm OK."

Saggese, who blanked highly-regarded Walpole American (7-0) on three hits, felt that opponent was especially cocky.

"I just couldn't wait to go out there and show them. We all wanted to win badly, and we did."

Allard was hit in the face by a pitch late in that game.

"The ball went off my chin," he said. "My jaw went numb and I had to check to see if I was bleeding and my braces were still in place."

Once that was done, however, Allard trotted to first as if nothing had happened.

Saggese claims to have no superstitions, while Allard admits to tying his shoes differently depending on whether his team is winning or losing.

The Nationals have been idle for five days and won't get back into action for six more.

"I think it's good to have a break," offered Saggese. "It's nice to take it easy for a few days, and now we have a chance to review everything."

"We don't know anything about the teams we'll play in Connecticut."

OPINION

THE TOWNSMAN, AUGUST 11, 1988

Andover Pride

There is a certain pride that comes from accomplishment and certainly attainment of a state title falls into that category.

This past weekend a group of Andover youngsters went to Billerica and accomplished what no other Little League team has done from this part of the state—capture the state Little League title.

It is no easy feat to go through the regular season, get into single elimination tournaments with teams from various parts of the region, win and then go into the various tournament categories before coming home with the title.

The youngsters and their managers and coaches were given due recognition upon their return to town Saturday afternoon as the blare of sirens from police cruisers and a motorcade honored the youthful heroes on their return from their accomplishment in Billerica.

Frankly, it is a deserving accolade to their manager, Jim Arnold, who has taken this group of youngsters so far.

Arnold has been involved in the Andover Little League for about a decade or so, and when he wasn't actually involved in the operation of the club, he was ensuring that the efforts of all these youngsters were being properly recognized by supplying written reports to The TOWNSMAN.

There were all sorts of heroes in the two victories Friday and Saturday that ultimately brought the title home to Andover.

Among them, of course, Matt Marvin, an outstanding relief pitcher, and Toby Guzowski, who won the final game, working well with his lanky, left-handed delivery which kept a strong Lee team off stride.

Following the game, this pair of All-State Little Leaguers flew to Kansas to participate in the AAU/Junior Olympics Tournament.

Fortunately for the Andover Little League team, this short absence won't affect the next step along the way, which comes next week in Bristol, Conn., where the Eastern Regionals will be played.

Somewhat appropriate to all this

These players will be vying for the regional title next week. In first row, left to right, are Danny Hansberry, Paul Cassidy, Todd Harris, Ricky Crispo, Brian Flanagan, Peter Daniels and Ryan Moynihan. In second row are Paul Allard, Matt Marvin, Pat Walsh, Toby Guzowski, Ricky Saggese, Matt Wolcott and Matt Chapin. Behind their team are Coach Red Harris, Manager Jim Arnold and Coach John Murphy.

accomplishment was a pre-season commentary by Arnold, who forewarned parents that they might have to alter vacation schedules due to tournament possibilities and the caliber of the team representing Andover.

His words have come true.

Hopefully, the victory string will

continue. But, even if fate deals this team a defeat in its attack on the ladder, this community is grateful for its members' effort and dedication.

And, to borrow from the famed Boston Celtics, we would just like to admire these youngsters with certain Andover Pride!

DOWN THE YEARS

100 Years Ago — August 1888

The Democrats of Andover held their ratification meeting at the Town Hall last Friday evening, after unfurling a Cleveland and Thurman flag. The attendance was a fair one — for Andover — but, although the speakers addressed the audience as "Fellow citizens and fellow democrats," there was quite a number of citizens present who were not democrats — unless indeed they were converted by the able arguments they came to hear.

It rained politics in Andover last Friday night, the republicans having a meeting at their new rooms over Valpey's store, which have been fitted up very pleasantly. They are to be supplied with newspapers and other reading, and during August, meetings are to be held every Friday evening.

75 Years Ago — August 1913

Miss Ethel A. Hitchcock has resumed work in the TOWNSMAN office after a month's vacation.

A motorcycleist from Haverhill appeared on Monday night at the local police court to answer to a charge of reckless driving. He was fined \$3.

A heavy touring car driven by a woman crashed into the fence on the McGuinness' property on Essex

street on Monday afternoon, the steering gear having failed when the machine and radiator on the car were damaged, and the fence broken down, but the driver, who was alone in the machine, was uninjured.

Two local boys, aged 15 and 16 years, started out early Tuesday morning on what was to be an extensive "runaway" expedition. According to pre-arranged plans, the boys ran away and set out for Pittsfield. The lure of the road lasted, however, only as far as Chelmsford and it was two tired and discouraged youngsters who finally returned home late at night and went quietly to bed.

Several local girls are enjoying a two weeks' camping party in Marion.

50 Years Ago — August 1938

Five busloads, with 250 children, went to Canobie Lake for the annual playground picnic yesterday. Games and races were enjoyed.

Back on the job this week were police chief George A. Dane and officer John Deyermund, both of whom were on a vacation for the past two weeks.

There may possibly be an article in the coming town warrant for a sewer in the Dufton road section of the town to alleviate a serious sanitary situation brought to light during

the construction of the W.P.A. diver-ting drain.

West Andover has been besieged by dogs lately, with the latest development being the killing of 78 chickens at the Morgan poultry farm.

One of the most prominent figures in the Bay State's political life today, Horace T. Cahill, Republican speaker of the House, who has been engaged in a fight with Governor Hurley, came to Andover Thursday night to address the Young Republicans.

The B.P.W. study of possible WPA projects continued this week in preparation for the September special town meeting which is to be called not solely on the initiative of the Board of Public Works but rather as the outgrowth of the joint meeting of selectmen and finance committee with the board a short while ago.

The Andover Townsman will run a cartoon on local events every week. By so doing, the TOWNSMAN, one of the few small-town weeklies using pictures extensively, becomes one of the first to use local cartoons.

"Le Chat Noir," Selectman Shepard's boat which has proven a week-end rendezvous for many town officials, has been sold and replaced by a larger boat, "Mother Goose."

25 Years Ago — August 1963

The drumfire of debate rattled and sometimes roared throughout the town during the past few days, as residents took up sides on the vast sewer extension project scheduled for town meeting action Aug. 14.

Civil service examiners took over a private room at St. John's Hospital, Lowell, Tuesday, to give a local firefighter a break. Acting Lt. Harold S. Hayes hospitalized over the weekend with appendicitis, was due to take the deputy fire chief's examination Tuesday. But the possibility looked grim indeed, until Civil Service officials agreed to give him the exam privately at the hospital.

The annual field day, for all playgrounds, was held Tuesday. Central won — with 65 points.

The Finance Committee has prepared its report for the voters on the special town meeting, and will have the document mailed to all voters prior to Aug. 14.

The chimney on Post Office ave., at the Parker building which was destroyed by fire some weeks ago, came down this week.

Trends in Kitchen and Bath Design

by Kevin Hennessey and Sean Walsh

NEW COOKTOP DESIGN

Electric cooktops have a new look that borrows from European design. The new European look favors solid-element disks over the conventional coil element. The cast-iron disks are imbedded with elements, raised slightly above the cooktop, and then sealed to the cooktop with a stainless steel ring. This clean, solid construction lends itself to easy cleanup. Gone are the days of lifting and scouring both elements and their underlying drip pans. The new solid-element disks also heat up gradually and evenly, though heat may be retained for a while after the controls are shut off. Some units even feature limiters that prevent overheating. If nothing else, though, the clean design is worth the cost of the unit.

Should you be contemplating renovations of your kitchen, this appliance may well be worth the investment. Your new kitchen layout should afford you not only beauty but should be practical and functional. This is where the expertise of a kitchen designer can prove invaluable. We can help you achieve the look you desire in the most practical way possible. We design space. Creative, functional, eye appealing environments designed with your needs in mind are what we create for you. Come in and visit with us soon. You will find **VARIATIONS IN WOOD, INC.** conveniently located at 2370 Turnpike St., Route 114. To reach us call 685-4056.

Everett J. Penney, town health director, said the heat hasn't caused any health problems. The major area of concern, Poms Pond, the only public swimming hole in town, is tested weekly for water quality. Penney said he has been pleasantly surprised to find low bacteria and algae levels, despite the heavy use of the pond during the heat wave.

laborative School project. Completing their contractual obligation with Richards was also part of the motion to terminate involvement in the project.

Richards will prepare a final report on the project, indicating the research that has been done. This will be presented to the school committees of Andover and Lawrence and to the state Department of Education at the end of September.

Will Richards still have a job at the end of his contract in February? "No one knows," he said. It depends on a new contract and state funding.

But from now until the end of February, Richards will continue to work for the city of Lawrence under grant money from the state. He will study the concept of an education training center, which will utilize many of the same features that had been proposed in the collaborative school study, such as university involvement and staff and curriculum development.

Lawrence will continue to study this concept because the state found the idea of university participation

in local schools appealing, Seifert said.

The education training center is being planned as part of a new school in Lawrence, Richards said. And several neighboring school systems, rather than just Andover and Lawrence, will be invited to partici-

pate in the training center.

According to Seifert, he and Scully will meet to decide how Andover might be involved with the training center. And he explained why such a facility would be useful.

He said the center would give neighboring communities an oppor-

tunity to collaborate on issues like staff development, the estimated teacher shortage and the new teacher certification requirements.

Although the logistics of the new certification are still being worked out, Seifert said education students in a master's program will have to work directly with local systems throughout their studies.

All these activ-
ities bridge the gap
of time between
alarms.

Although Skaff
hasn't "seen any
orange" yet, the
unit responds to nu-
merous alarms.
There's anticipation
mixed with a bit of
nervousness about
the first real call,
Skaff admits. But at
the same time, she
says she's not
looking forward to
seeing anyone hurt
or any property
damaged.

Skaff is part of the
single engine com-
pany, meaning she
and three others
take the pumper to
non-structural fires,
such as car fires.

If there's a struc-
tural fire, another
truck, from either
the Ballardvale or

the West Andover
fire station, would
also respond.

The firefighters
have all received
training and passed
the necessary tests
to qualify for the
job.

Skaff explained
the requirements.

Firefighter

(Continued from Page 35)

First, she said, you
must pass a state
civil service exam.
Next, there's a
strength and agility
test to contend with.
This involves such
things as complet-

ing an obstacle
course, manipulat-
ing the fire hose and
carrying a 120-
pound dummy.

After passing all
the tests, including
a physical examina-
tion, the town decid-
es who to hire. Skaff
was appointed to

the Andover Fire
Department in Feb-
ruary of this year.

Physically, being
a woman hasn't
been a hinderance,
Skaff said. And, she
says she deserved
the appointment.
"I've worked hard
for it," she said.

cut."

But they didn't know much about the other 10 teams they beat, either.

"One step at a time," said Rick. "We start off with a bye. We have a good shot. The team's ready."

And who will keep them ready?

"We have some quiet kids and some rowdy ones," said Allard. "But the guy who gets me fired up is Murph (assistant

coach John Murphy). He's always yelling at me to keep everybody working.

"And Mr. (Red) Harris and Mr. (Jim) Arnold took the pitchers aside and showed us some things in practices," added Saggese. "They're really good coaches and you can't ask for more than that."

Except for three more wins in Connecticut and three in Pennsylvania.

Bike Trek

Cyclists of all abilities are invited to join the Autumn Escape Bike Trek on September 9-11 and 23-25, sponsored by the American Lung Association of Essex County, an affiliate of the oldest voluntary health organization in the United States.

The trek begins in historic Plymouth and crisscrosses through the coastal communities of Falmouth, Brewster, Hyannis and Chatham. Permission has been obtained

for bicyclists to traverse the dunes of Truro and Wellfleet's National Sea Shore Sanctuary. Provincetown will host a dock-side reception and send riders back to Plymouth on a "victory cruise."

The bicycle trek includes accommodations, breakfasts and dinners (including a New England clambake) and rest stops. For more information, contact the association in Topsfield. Bicyclists are welcome to at-

tend a free information night at the Bicycle Shop in Topsfield on August 22 from 7 p.m. to 8:30 p.m.

North Shore Limousine of Lawrence

North Shore Limousine of Lawrence is in business to make a special occasion an "event" complete with luxury limousine. White chauffeured luxury limousines are their specialty. They are equipped with the latest in comfort and style. The limo can accommodate six passengers comfortably. Amenities include AM/FM radio, television, VCR and cellular phone.

Customers reserve a limo to add a touch of class to weddings, anniversaries, birthdays, baptisms, or any other celebration. They are popular for a group of

friends to reserve a special night on the town (theater, dinner, a game at Fenway Park, etc.) without having the hassle of driving and parking. Corporations utilize limo service as an ideal way to introduce customers or prospective employees to the Boston area. It adds a dimension of comfort and luxury to sight-seeing.

Many parents have discovered limo service as a safe, sober way for their youngsters to spend and evening at a concert or prom. The chauffeur as-

sumes responsibility for driving the passengers and returning them safely home.

The limo's airport service is convenient for the busy traveler who receives door to door service.

North Shore Limousine of Lawrence is located at 157 South Broadway in Lawrence. Owner Leo Lamontagne is dedicated to prompt, safe service. Their phone (685-6655) is answered twenty-four hours a day.

Former Andover Resident Wins MacArthur Grant

Gary Alfred Tomlinson, chairman of the music department at the University of Pennsylvania, was one of 31 recipients of the prestigious MacArthur Fellowships awarded this year.

Tomlinson, 36, received a \$235,000 grant from the John D. and Catherine MacArthur Foundation. Recipients can spend the money, which is awarded over a five-year period, at their own discretion. The dollar amount is determined by one's age—older winners receive more. Before John MacArthur died, he told his board, "I figured out how to make it; you figure out how to spend it."

Tomlinson, a resident of Bala Cynwyd, Penn., is the son of Mr. and Mrs. John G. Tomlinson of Tobey Lane. He is a graduate of Andover High School, Dartmouth College and the University of California at Berkeley, where he received his doctoral degree.

Tomlinson runs Penn's Distinguished Artist series and is also among an international group of experts in early music who are helping the Philadelphia Orchestra prepare performances at Milan's La Scala of an opera by Claudio Monteverdi.

He is the author of *Monteverdi and the End of the Renaissance*. He hopes to continue writing and is currently working on a book, *Music, Magic and History*.

Individuals are nominated anonymously for the grant, and they are reviewed by a 15-member committee. The MacArthur Foundation's board of directors give the final approval to nominees.

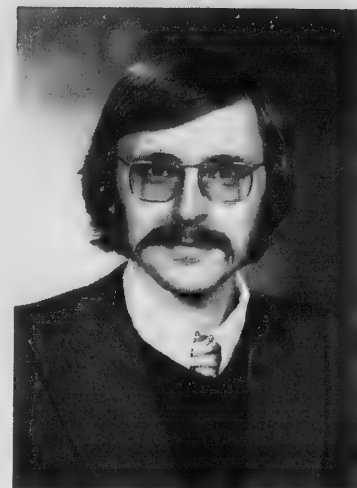

The grant-making foundation is one of the largest philanthropic groups in the United States. Prior to his death in 1978, MacArthur owned Bankers' Life and Casualty insurance company.

Displaced Homemakers

The Middlesex Community College Division of Continuing Education/Community Services free 34-week secretarial certificate program with medical or legal option will begin in September, pending funding from the Massachusetts Department of Occupational Education.

Each student receives classroom training, counseling in job-seeking skills and placement assistance.

To apply, students must attend an information meeting at the Burlington campus, Terrace Hall Avenue, on Monday, Aug. 29, at 10 a.m. and have a personal interview.

Gary Tomlinson, formerly of Andover, received a MacArthur fellowship for \$235,000. The "genius grant" was given to 31 individuals this year.

TAX-FREE PARLAY

Did you know that you can combine the rollover (deferring gains tax if you buy a home more expensive than the one you sell) and the \$125,000 tax exclusion for those over 55-even if your new home costs LESS than your old home?

Let's say you are 58 and have bought and sold three residences over the years. You have used the rollover to shelter profits and have built up and untaxed capital gain of \$130,000. You get an offer of \$160,000 for your present home, but only want to buy a condominium for \$75,000. Thanks to the tax-free parlay, you can buy the less expensive condo and still escape any current tax on the \$130,000 gain.

First you sell your home for \$160,000 and elect the \$125,000 exclusion. This not only wipes out \$125,000 of your \$130,000 gain, it also reduces the amount you have to roll over, dollar for dollar (from \$160,000 to \$35,000 in this case). So you can buy the \$75,000 condo and easily get out from under the remaining \$5,000 capital gain. Total shelter: \$130,000.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Peachard Ave., Andover. Phone: 475-5100. We're here to help.

Schrander Real Estate

PAY ATTENTION TO CONTRACT DEADLINES

Both buyer and seller should be aware of all of the deadlines in their purchase agreement. Each contract is different, but typically there are time limits covering the structural contingency, financing application, financing commitment, and settlement.

If you are careless as a buyer could lose your right to ask a seller to pay for needed repairs. There may be a limit on the time the seller has to respond to the buyer's request to complete repairs not otherwise required by the contract. Failure to apply for your mortgage on time may place your deposit at risk if the loan is later denied. In many cases, the agreement can be declared null and void by the seller if financing is not approved within the time frame set forth in the contract, especially if there is a back up contract. Delayed settlements can cost the sellers money, and they may ask the buyer to reimburse these expenses.

If there's a move in your future, the real estate professionals at **Realty USA Schrander Real Estate** are ready to serve you. Call us at **685-5000** or drop by our offices at 73 Chickering Road, North Andover.

THE VERY BEST WATERFRONT TENNIS RESORT IN THE LAKES
REGION ON CRYSTAL CLEAN NEWFOUND LAKE.

But don't take our word for it...here's what happy owners have to say:

"This is the kind of place you dream about for retirement. We have beautiful lake and mountain views from every room in our house. We're so close to the water, we can use our sailboat whenever the wind comes up. We hike, bicycle, fish and cross-country ski—all in tranquil peace and quiet."

Ralph and Vickie Compagna

"A dream come true for anyone, but a paradise for us! As avid tennis players and skiers, we love the fact that there is always an empty championship-quality court and also that we're just minutes away from several ski areas. Gorgeous homes, beautiful beach, open space and great landscaping. It's wonderful!"

The Key to Results in Real Estate

Axelrod Makes Condo Proposal More To Planners' Liking

By Frank Messina

A new proposal for a 30-unit condominium project behind the Sheraton Rolling Green hotel that was rejected in June by the Zoning Board of Appeals has been received positively by the planning department.

"It's a quantum leap," said Steve Colyer, town physical planner. "Where before (the project) was moving ahead in feet, now it's moving in yards."

In turning down plans submitted by landowner Harry Axelrod, the ZBA focused on the encroachment of six buildings on protected wetlands areas.

"He (Axelrod) was told to respect the barriers like a fence you can't come inside of," said Colyer.

It was the same tune the planning department had been playing for Axelrod the past three years as he tried to develop a site plan that could pass through the conservation commission and the planning board before reaching the ZBA.

What Axelrod did differently this time was hire a new architect and show a willingness to reduce building size.

Given the added flexibility, the redesigned plans drawn by Harmon Kiley, owner of Hermit Woods Designs in North

Reading, were able to place the dwellings further from the protected wetlands area.

"I think we've made serious progress," said Kiley. "We provided more of an architectural solution by softening the impact on protected grounds."

Axelrod must also develop a traffic study to determine the best access into the subdivision, Colyer said. There are two possible access points, both running through environmentally restricted areas. Before a variance could be granted, the ZBA would need to be convinced that Axelrod's proposal had minimal negative impact on local traffic patterns, Colyer said.

With the reconfiguration of the buildings, "I think they have half the formula," Colyer said. "The other half is this traffic study."

The town planner said Axelrod must submit another application before the

town before the re-tooled proposal can be placed on the agendas of the conservation commission and planning board.

"It wouldn't be considered a repetitive petition," Colyer said. "The one is different (from their first petition)."

Cool-off

(Continued from Page 35)

beach-goers will, of course, bring their own refreshments.

Some people's solution is to never leave the friendly confines of their air-conditioned palace. But if cabin fever strikes, or if errands force you out into the streets, remember, between here and there, always lies an ice cream parlor.

And while Andover may not be blessed with an indoor mall, it does have its share of ice cream shops.

Friendly's and Brigham's restaurants both serve the icy refresher at reasonable prices and in air-conditioned, sit-down surroundings.

A well-kept secret is Emack and Bolio's. Yes, it's expensive, but flavors like cantalope make it worthwhile. This frozen treasure can also be consumed on the air-conditioned premises.

Rose Glen Ice Cream Parlor also has great ice cream at very reasonable prices. One major drawback is their policy that forces sweaty patrons ordering just ice cream to do so outside. Our recommendation is to buy a pint on the way home.

Maybe the Showcase Cinema is in Lawrence, but we're talking maybe two minutes from the Andover border and the first showing is cheap. Three bucks is not too much to ask for a movie and two hours in an air-conditioned building.

In the downtown shopping district, window-shopping from the inside is highly preferable to the alternative. The commercial district does have a variety of interesting and (here's that word again) air-conditioned shops.

About the only item not for sale downtown are a/c units, which are back-ordered into the winter, when the current heat spell will be little more than a dim, sweaty memory.
